Dear Requester

Thank you for your request for information dated 18/10/2021 about Housing Stock Transfer. We have dealt with this under the Freedom of Information Act 2000.

Response

The council holds the information requested and the answers to your questions are as follows:

1. A summary of any housing stock transfer(s) undertaken by the council in the past, including the names of the housing association(s) and the year(s) of transfer

2. A copy/copies of the transfer agreement(s) for any stock transfers

3. If known, a summary of commitments made by the receiving housing association(s) for investment in the stock being transferred (e.g. £50m over 10 years)

4. If known, a summary of commitments made by the receiving housing association(s) for development of affordable housing (e.g. 200 new affordable homes over 5 years)

5. The council's understanding of the amount invested in the stock by the housing association in the years following the transfer, and whether this part of the agreement was met

6. The council's understanding of the number of affordable homes delivered by the housing association in the local authority area in the years following the transfer, and whether this part of the agreement was met

7. The amount of money received by the council as part of the stock transfer(s)

8. A summary of how the council spent the money received through the stock transfer(s)

Housing stock transfer was introduced by government in 1988 and is the voluntary transfer of ownership of all or some of a local authority's tenanted and leasehold homes to either a housing association specifically created for that purpose or an already existing housing association. Under the terms of such transfers, which were captured in a transfer agreement, the receiving housing associations have undertaken to carry out property repairs and modernisation, including implementation of the Decent Homes Standard once this

was officially prescribed by government in 2000. Some transfers have also included commitments from the receiving housing association for development of affordable housing.

Whilst the Council did sell or lease some stock to housing associations in the 1980s and 1990s, it has never carried out any stock transfer of the type described above.
