Dear Requester

Thank you for your request for information dated 16/05/2021 about applications made under harassment had an injunction or injunctions from harassment's in 2020. We have dealt with this under the Freedom of Information Act 2000.

Response

This information is exempt under Section 14 of the FOI Act.

Section 14(1) of the FOIA creates an exemption where a public authority does not need to provide information or comply with a request for information if the request is vexatious.

We have determined your request to be vexatious because it:

- Is designed to cause disruption or annoyance to the Council in general and distress or irritation in particular to specific officers.
- Has the effect of harassing the Council and its employees
- Will impose a significant burden in terms of expense and distraction

You are repeatedly sending in request for information which are overlapping your previous requests in both time and content. You are making fresh requests for similar or overlapping information before other requests have been responded to. In the advice and assistance to you in our recent response letter I asked that you stopped doing this. You have ignored this clear advice. You were also advised about how section 12 works and advised to make requests spaced out in time by 60 working days if the information you were seeking was around the same subject matter to avoid cases being aggregated under section 12 you have not done this but keep submitting requests that overlap and repeat previously refused requests.

Please be advised that under section 17 (6) of the Act we give notice that we will no longer be responding to new Freedom of Information requests from you where harassment and housing are mentioned as the reason for these request.
